Series 3-7

## Water coolers with bottles

Superior quality and easy placement

*Made entirely of stainless steel, a 100% recyclable material and highly durable*

Model: M-77

Model: M-33

### Series 7

Ideal when no access to the water supply network is available

An attractive, elegant design, unique in the market. Easily regulated cold water temperature (thermostat). Easy to remove high capacity drip tray. Rear wheels to facilitate relocation. Compatible with different types of water bottles.

#### Models

##### M-77

- Cold tap
- Room temperature tap

##### M-72

Model with hot water for preparing tea, coffee, etc.

- Cold tap
- Hot tap (temperature up to 90°C)

### Series 3

Small tabletop cooler, ideal for consultation rooms, offices, kitchens, etc.

Made to be used with smaller bottles in order to save space and provide better convenience. Easily regulated cold water temperature (thermostat). Easy to remove drip tray.

#### Model

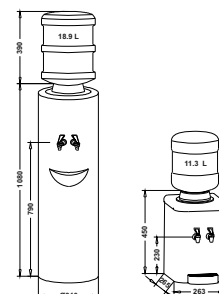

##### M-33

- Cold tap
- Room temperature tap

#### Technical data

|                                                                 | Series 7   | Series 3        |
|-----------------------------------------------------------------|------------|-----------------|
| Cooling power (W)                                               | 205        | 205             |
| Power consumption (W)                                           | 100        | 100             |
| Voltage 230V 50Hz single-phase (A) (Other options available)    | 0.5        | 0.5             |
| Cooling capacity                                                | 18         | 18              |

| Water output temperature (regulated by thermostat) (°C)         | 4-11       | 4-11            |
| Maximum hot water temperature (Mod. M-72) (°C)                  | 90         | -               |
| Water tank capacity (l)                                         | 3.5        | 2.6             |
| Refrigerant gas (CFC-free)                                      | R-290*     | R-290*          |
| Dimensions (mm) with 18.9l bottle. Height x Diameter            | 1470 x 310 | -               |
| Dimensions (mm) with 18.9l/11.3l bottle. Height x Width x Depth | -          | 740 x 263 x 265 |
| Net weight (kg)                                                 | 15,5       | 13              |

\* R290 is a natural refrigerant with no ozone impact. It offers high efficiency and reduces energy consumption.

Only requires electrical connection.

#### Optional accessories

##### CUP DISPENSER

Made entirely from stainless steel. Vertical column design. High capacity: 100 x 220ml cups. Can be attached to water coolers or to the wall. Viewing slot to see remaining cups.

##### BOTTLES

Reusable bottles. Enable the use of the desired brand of water. Bottles of 11.3 or 18.9 litres. The 11.3 litre bottle is recommended for series 3 due to its smaller size.
