Series GC

High-capacity water coolers
Horeca sector
High cold water capacity. For large-scale applications.

Superior quality, made entirely of stainless steel, a 100% recyclable and highly durable.

Installation drawings

Internal chassis
WARRANTY

The water fountain for the
Hospitality professional:

Reduces costs

Significant savings on the purchase of mineral water.

Simplifies the management of bottles

Without ordering, storing and taking up space in the refrigerator.

Helps the environment

Follows the trend of reducing plastic waste.

High quality water

Different filtration options.

Conforms to safety standards

Certifications issued by independent bodies.

GC Series

Ideal for refilling bottles or carafes in restaurants,
hotels or cafeterias of large companies.

Cooling capacity of 1.000 l/h during the first two hours of use*.

- Superior quality, made entirely of stainless steel, a 100% recyclable and highly durable material.
- Coloured illuminated buttons made from stainless steel.
- Greater hygiene protection through removable faucets.
- Two faucets for filling 2 bottles simultaneously.
- Front ventilation for easy and built-in installation.
- Removable front panel for technical service access.
- Safety valve at the water inlet.

Model GC-10A 4P

Cold, room temperature and mixed water. Four buttons.
Includes a high-capacity activated carbon filter.

Model GC-10A 4P

Technology and care
for the environment.

- 1 Removable faucets
- 2 Ice tank alarm
- 3 Grille, drain tray
- 4 Illuminated buttons
- 5 Ice shaker
- 6 Filtration system
- 7 Ice bank, water coil
- 8 Cooling unit

WATER FILTERS

Improve water quality.
Explore different filtration
options: Sediment or Ultraviolet.

Technical characteristics

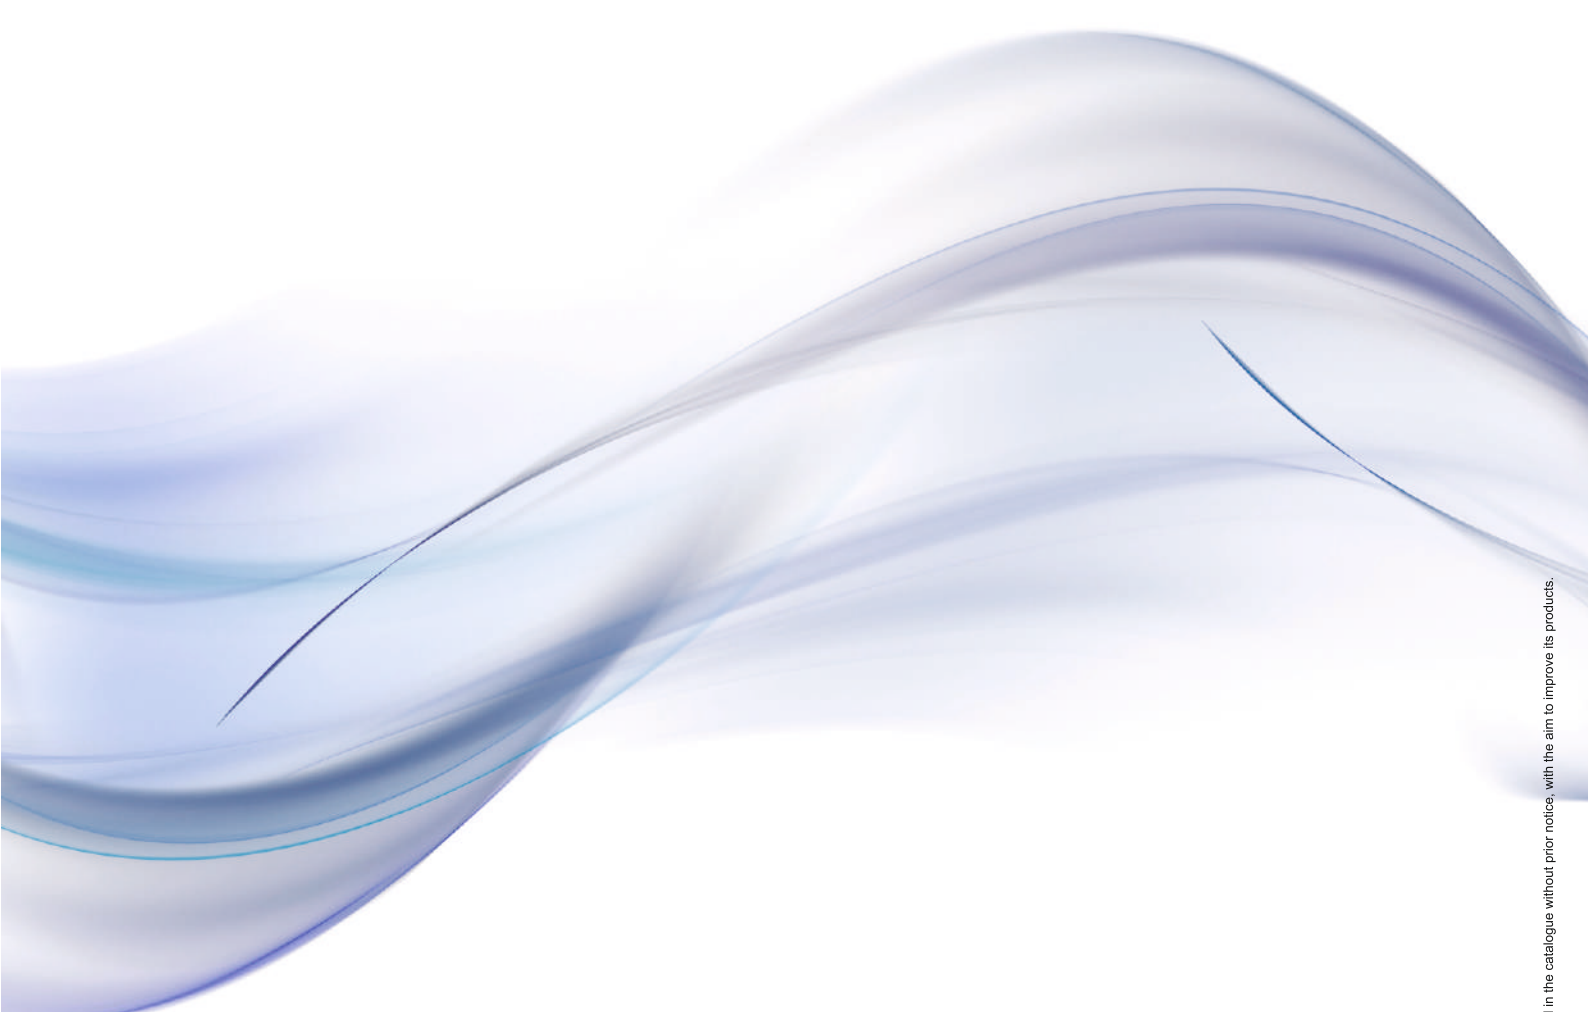

Cooling technology through "ice bank"	
LED alarm for filling ice bank with water	
Electronic operation with buttons	
Stainless steel water coil	
Voltage 220V 50 Hz single-phase (Other options available)	

*Cooling capacity in continuous (Room temp.: 30°C, T in: 27°C, T out: 17°C) (l/h)	100
Cooling power (W)	1160
Power consumption (W)	650
Cold water output temperature (°C)	4-11
Ice bank (kg) / Tank capacity (l)	10/24
Compressor power (HP / Kcal/h)	3/8 /1030
Water dispenser area height (cm)	34
Gas refrigerante (Sin CFC's)	R290*
Net weight (kg) Model GC-10A 4P	57

*R-290 is a natural refrigerant with no ozone impact. It offers high efficiency and reduces energy consumption.
