Series 91D sparkling water

Sparkling water models

Point of use (POU) water coolers

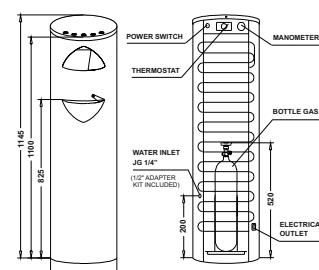

Superior quality, elegant design, easy to install. Sparkling water.

Superior quality, made entirely of stainless steel, 100% recyclable highly durable

Series 9ID sparkling water

Electronic and elegant. Created for sparkling water lovers.

Electronically operated with illuminated push buttons to easily select the desired water. Fresh bubbly soda water in seconds. Improved hygiene, as spout is covered and separate from the buttons, avoiding contact by different users. Locking system and audible alarm if the drip-tray is full, to prevent water spills. Greater height for more ergonomical use. Stainless steel coil, direct chill cooling system; high efficiency and hygienic. Easily regulated cold water temperature.

Installation drawing

Models

The installation of a purification filter or UV lamp is recommended for better water quality.

GAS BOTTLE

Refillable 2.5 kg bottle or single use 0.6 kg bottle.

Technical data

Cooling power (W)	205
Power consumption (W)	100
Voltage 230V 50Hz single-phase (A) (Other options available)	0,5
Continuous cooling capacity (Room T.: 30°C, Input T.: 27°C, Output T.: 17°C) (l/h)	18
Cold water output temperature (regulated by thermostat) (°C)	4-11
Maximum hot water temperature (regulated by thermostat) (°C)	85
Hot water tank capacity	1,2
Stainless steel coil cooling system (Direct chill)	YES
Refrigerant gas (CFC-free)	R-134a
Dimensions (mm). Height x Diameter	1145 x 310
Net weight (kg)	18

Model: M-992GID

Pressure gauge indicates the remaining CO₂.

UNE 149101
