Series 601

Series 60I

Drinking fountain with reverse osmosis

With integrated reverse osmosis filtration designed for the hardest water.

Superior quality, made entirely from stainless steel.

WARRANTY
Internal chassis

Model: M-66ALV RO

Series 60I

With integrated reverse osmosis filtration for the hardest water. Designed to fill up small bottles or drink directly.

The water cooler includes a high capacity filtration system that eliminates suspended solids and microorganisms to ensure a high quality of pure water. The use of this filtration system is recommended in areas where the municipal water supply is of inferior quality and requires a higher capacity filter. A fountain of superior dimensions that gives it a great presence and robustness.

Model

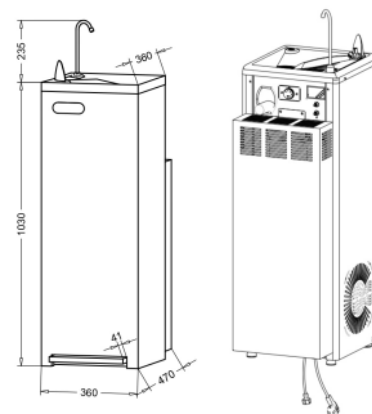

M-66ALV RO

Pedal: cold water

Push button: room temperature

Pedal + button: mixed

Bottle-filler (small bottles) operated by button for cold water

Accessories

FILTERS - TANK

Reverse osmosis system composed by 3 filters and a reverse osmosis membrane, that requires periodic changes. Tank for the osmotized water.

INTEGRATED OSMOSIS SYSTEM

Compact design that ensures reliable water flow between the various stages of filtration, avoiding the need for multiple connections or loss of water.

- **4 Stages of filtration with a pump:** Guarantees a high quality of water.
- **Very easy to maintain:** With no possibility of error for the user.
- **High performance and high efficiency:** High water production 250 liters a day. High rate of input water use: 35%.
- **Protection:** Prevents sensitive components, such as the pump, from operating without water.
- **Great comfort:** Greater silence when activating the water dispensing buttons.

Technical data

Cooling power (W)	400
Power consumption (W)	200
Voltage 230 V 50Hz single-phase(A) (Consult other options)	0,9
Cooling capacity (Room T.: 30°C, Input T.: 27°C, Output T.: 17°C) (l/h)	35
Cold water output temperature (Regulated by thermostat) (°C)	4-11
Refrigerant gas (With no CFC)	R290
Dimensions (mm). Hight x Width x Depth. Models with LV + 210 mm	1030 x 360 x 470
