Minicool

Minicool

Under counter water cooler.

One of the most compact water coolers on the market.

Superior quality, made entirely from stainless steel.

Model: Minicool

Optional accessories

Three way faucet MM Fa

Elegant faucet that replaces the standard swan neck tap.

PURIFICATION FILTERS

There is a specific catalogue for filters.

Minicool

Especially designed for homes or business coffee rooms.

It is installed under the sink, taking up very little room.

Always delivers cold and purified water immediately, without the hassle of having to store water in the refrigerator, where it may absorb unpleasant tastes or odours. Highly integrated design. Despite its small size, all the features of the larger water coolers are incorporated.

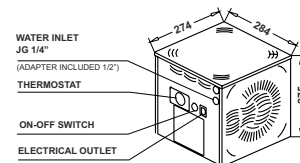

Easily regulated water temperature (thermostat).

It comes with a standard stainless steel tap that requires installation on the sink, or a special elegant three way faucet head to replace the existing faucet.

Model

Minicool

- Cold water tap (standard equipment)
- Three way faucet tap (optional equipment)

The activated carbon purifying filter improves the quality and taste of water.

Standard Faucet

(Included with the minicool)

Technical data

	Minicool
